

Off-Grid 2026 Camera-Ready Submission Checklist

Please complete this checklist before submitting your camera-ready package.

1. Folder and file naming

- ☐ All materials are placed in a single folder named `off-grid_XX.zip`, where `XX` is your Open-Review paper ID. Examples: `off-grid_7.zip` for paper 7, or `off-grid_13.zip` for paper 13.
- ☐ The compiled paper PDF is named exactly `off-grid_XX.pdf`.

2. Paper content and formatting

- ☐ The paper still needs to strictly follow the **official template** (no changes to margins, fonts, or spacing).
- ☐ Author names and affiliations should be **visible** for the camera-ready version. Everything else that has been anonymized for the submission should also be **visible** now (links, references, etc.).
- ☐ The author list and its **order have to exactly match** the submission entry in **OpenReview**.
- ☐ (Optional) **Acknowledgements** section can be included now.
- ☐ A **Disclosure of Interests** section **MUST** be included (can be found in the template).
- ☐ The paper respects the camera-ready page limit of **10+2 pages** (10 pages of content plus up to 2 pages of references; increased from 8+2 at submission).

3. Manuscript source files

- ☐ **Word users:** the source file is included and named `off-grid_XX_source.docx`.
- ☐ **L^AT_EX users:** all source files are in a single archive named `off-grid_XX_source.zip`, which contains:
 - ☐ all `.tex` files for the manuscript text;
 - ☐ all figure files (`.ps/.eps/.jpg/.pdf/.png`);
 - ☐ the `.bib` file, if BibT_EX is used for references;
 - ☐ any additional style files and fonts used that are not generally available on CTAN;
 - ☐ no non-essential files (the archive contains only what is needed to compile the paper).
- ☐ The compiled PDF is included inside the `off-grid_XX.zip` folder.

4. License to Publish (LTP)

- ☐ The License-to-Publish form (`off-grid_XX_LTP.docx`) needs to be **signed by the corresponding author**.
- ☐ The pre-filled information on the form should **not** be edited. Please name the document
- ☐ The signed form is included inside the `off-grid_XX.zip` folder, named `off-grid_XX_LTP.pdf`.

5. Final checks

- ☐ All information in the PDF (title, authors, affiliations, references) is final and correct.
- ☐ The complete folder is submitted by August 14, 23:59 AoE via OpenReview.

6. How to submit

Log in to **OpenReview** → open the author console **MICCAI 2026 Workshop Off-Grid Authors** → click on your submission → click **Edit** (top right) → select **Revision** → upload your off-grid_XX.zip.

Example package structures (paper 7 as an example, please use your paper ID)

off-grid_7.zip	(LaTeX users)	off-grid_13.zip	(Word users)
-- off-grid_7.pdf		-- off-grid_13.pdf	
-- off-grid_7_source.zip		-- off-grid_13_source.docx	
-- main.tex		'-- off-grid_13_LTP.pdf	
-- figures/			
-- llncs.cls			
-- splncs04.bst			
'-- references.bib			
'-- off-grid_7_LTP.pdf
